## ORGANIC NEUTRALIZER WITH AMINO ACIDS OF MARINE COLLAGEN

Organic Neutralizer with a low percentage of hydrogen peroxide.

Neutralizes the waving treatment without affecting both natural and colored hair.

Formula enriched with Marine Collagen amino acids that guarantee protection, elasticity and hydration, preserving the capillary structure.

- It contains Marine Collagen Amino Acids (with low molecular weight).
- It contains Hydrolyzed Soy Proteins.

**HOW TO USE:** After rinsing the perm solution proceed to saturation.

Apply the Neutralizing lotion (about 70%) saturating each roller and leave on for 5 minutes.

Remove curlers and distribute the remaining amount of Neutralizer (30%) on each individual lock.

Leave on up to a maximum equivalent to the same processing time used for the perm solution.

Rinse thoroughly with warm water and proceed with drying.

**TECHNOLOGY : COMPOSTABLE**

Packaging Certified COMPOSTABLE , biodegrades completely and naturally in the environment, without leaving toxic residue.

INGREDIENTS: Aqua (water), hydrogen peroxide, citric acid, cocamidopropyl betaine, disodium pyrophosphate, oxyquinoline sulfate, phosphoric acid, tetrasodium edta
