ATTITUDE

MIRACLE

MR002

NOURISHING ARGAN argan oil

MAXXelle Laboratory has developed an Organic paraben-free Argan Oil that nourishes the hair fiber improving elasticity, smoothing the hair and adding shine. It contains a high concentration of Vitamin E and A, Omega-3 and Omega-6 (unsaturated fatty acids). Its weightless properties allow for easy absorption.

HOW TO USE

- For styling: on towel dried hair, apply a few drops of Argan Oil on to hands and distributed into hair evenly. Proceed with blow drying.
 - To protect the hair from the elements apply a few drops on dry hair after blow drying and styling.
- Note to Stylist: add 5 mls. of Nourishing Argan Oil to your color or lightener process to achieve a brighter more reflective effect. May be added to permanent wave solutions or straightening creme for added protection on sensitized hair, or directly to hair and scalp.

FUNCTION

- Protects the hair from heat sources such as blow dryers, flat irons, curling irons and hot rollers.
- Protects against damage caused by free radicals (UV), pollution, sun, wind, salt water and chlorine.
- Prevents and repairs split ends.
- Detangles the hair, tames curls and controls frizz
